

MiniML-joint

①

joint nonlinear optimisation weighted

Does nonlinear optimisation for
3 lowPT and 3 highPT PCs

save param-freq-mat-weighted-joint.mat
param-freq-mat-weighted

save param-frequentist-optimization-weight_{pt}
param-freq-mat-weighted
whole distribution matrix

save param-frequentist-optimization-weight-joint
param-freq-median-weight

param-freq-std-weight

median and std of the distribution
